(Infrastructure Management)

Admission Prospectus

**Creating
Tomorrow's
Infra - Professionals**

MBA (Infrastructure Management)

MBA (Infrastructure Management) is a two-year full-time program for those passionate about pursuing a career in Infrastructure. The electives have been designed through our continuous evaluation methodology from our parent group, alumni, and industry connections. In addition to some core courses, students round off their degree with multiple specialized electives, such as Transport, Energy & Real Estate & Urban Infrastructure.

In the first year, students complete a core curriculum that provides a thorough, integrated grounding in management & infrastructure essentials. At the same time, they get exposure to a healthy dose of site visits, independent projects, and finally, end with a summer internship.

Students round off their degrees in the second year with umpteen elective courses.

Program Uniqueness

- Hybrid program combining general management principles with specialized focus on infrastructure sector
- Gain extensive sector-specific knowledge through major specializations, while also developing a deep understanding of functional domains through minor specializations
- Real World Exposure through Capstone Projects
- Industry Focused Curriculum
- Mentorship from Acclaimed Faculty and Industry Practitioners
- Stellar Placements
- Promoted by the Adani Group, India's leading conglomerate for integrated infrastructure

Student's Speak

Ms. Juhi Gandhi

PGDM(IM), 2020-22

Deputy Manager

Adani New
Industries Limited

PROGRAM UNIQUENESS

“ Initially, I was inclined to join this program as it was recommended by my friend but later I realized it's more than a generic program. The real beauty of this program is it made you aware of the practical implications of all concepts of management in the Infrastructure Industry from the beginning. The immersion program was a big help, followed by two years of learning with practical exposure through infra labs, site visits, simulations, case studies, and more. ”

Mr. Avinash Yadav

MBA (IM), 2022-24

Associate Consultant

Ernst & Young (EY, India)

EXPOSURE

“ The exposure level which we received in these two years has added to my knowledge. Live projects to work on, directly understanding the challenges & opportunities from Industry experts from global level scenarios to local cases. The adaptation of policies into practice. It helped to elevate my thoughts which were unexplored and unseen earlier. ”

Ms. Barkha Laddha

PGDM(IM), 2020-22

Executive Assistant

Vishakha Group

LIMITLESS

“ When talking about our lives - we always center it around the categories of school, college, work, etc. For me, life has always been what's outside of these categories. It is my journey of defining my growth and my strengths. And these two years helped me identify my strength and nurture me to the next level. ”

Mr. Dhyey Desai

MBA (IM), 2022-24

Consultant

Reval Consultancy Pvt. Ltd.

VIBE

“ Through this program, I learned, how It's all about creating value, sustaining the value, and being creative irrespective of the industry. Also, the campus vibe adds to your energy. Activities like football, cricket, badminton and even participating in cultural fest rejuvenate the entire environment, also spending time in the canteen and discussing projects and presentations just helps to offload all the stress. Can say it's like a home away from home. ”
